Your Appliance will be replaced with an appliance of the same or similar technical specification as determined by Us, if the repair takes longer than 30 days from the date it is assessed.

Wear and tear

Your Appliance is covered for Mechanical and Electrical Failure caused by wear and tear from general everyday use. It excludes noises and any cosmetic damage like scratches and dents.

'No lemon' guarantee

If after the manufacturer's warranty, the Appliance has a recurring fault which requires repairing more than three times as a result of Mechanical or Electrical Failure, the Appliance will be replaced at Your request, notwithstanding the Repair and replacement terms below.

Repair and replacement terms

In the event of a Mechanical or Electrical Failure of the Appliance, at Our sole discretion, We will have Our approved repairer carry out repairs to the Appliance and pay for the service call-out, parts and labour. If We decide the Appliance is unable to be repaired or if it is uneconomical to do so, We will replace the Appliance with an appliance of the same or similar technical specification, as determined by Us.

If the manufacturer or their agents only offer a refurbished part or appliance swap facility, We may replace the Appliance with a refurbished appliance of the same or similar technical specification rather than repairing it. For the purposes of this Care Plan, the replacement, in this instance will be deemed a repair. Refurbished parts may be used to repair the appliances.

If such equivalent specification is unavailable, We will pay to You what We would have paid for an appliance with the same or similar make and technical specification in Replacement Credit to be redeemed at Smiths City and such payment will not exceed the Original Purchase Price of Your Appliance.

If Your Appliance is replaced, then Your Care Plan will end immediately and there will be no refund of the amount You have paid for the Care Plan.

Where We have replaced the Appliance, You must pay the delivery and/or installation costs of the supplier. When We discuss the replacement with You, You will be notified of these costs. When Your Appliance has been replaced, You will be responsible, at Your expense, for disposing of the original appliance if it remains in Your possession. If the Appliance remains in Our possession, it becomes Our property.

Costs

Courier costs

If Your Appliance covered by this Care Plan requires repair and We request the Appliance to be sent to Our repairer, We will pay within New Zealand for the cost to courier or freight the Appliance from Your home to Our approved repairer, and from Our approved repairer back to Your home.

In-home repair for Large Appliances

For Appliances which are Large Appliances, We will in most cases, arrange for repairs to be undertaken in Your premises if those repairs can be carried out effectively and safely (to be determined at Our discretion). If repairs are required to be undertaken at an approved repairer's premises, the cost to transport the Appliance to those premises are at Our cost.

Repair costs – service call-out, parts and labour

In most cases, We will repair the Appliance using one of Our approved repairers. They will invoice Us directly, which will include the costs for the service call-out (during normal business hours), parts and labour. However, in rare circumstances We may not have an appropriate approved repairer and may at Our discretion agree that You nominate a repairer and pay the repairer yourself. We will reimburse You as soon as practicable after receiving a valid tax invoice.
