

Product Name	Sunbeam Verve 600 CeraFlow Iron
Model Number	SRC6000
Short Description	The Sunbeam Verve 600 CeraFlow™ is the ironing solution built to last - designed with a durable ceramic soleplate that efficiently steams wrinkles from a wide range of fabrics, giving you superior results
Long Description	The Sunbeam Verve 600 CeraFlow™ is the ironing solution built to last - designed with a durable ceramic soleplate that efficiently steams wrinkles from a wide range of fabrics, giving you superior results
EAN	9311445035900
Key Feature 1	7x more durable Up to 7x more scratch resistant vs. stainless steel soleplates, Sunbeam's CeraFlow™ ceramic soleplate is designed for extra durability and speed against wrinkles.
Key Feature 2	Faster Ironing The iron's dual steam chamber delivers optimised steam pressure that deeply penetrates fibres for more efficient ironing
Key Feature 3	Safe-store™ Indicator Know when it's safe to store the iron with the heat strip colour change from red (hot) to black (cool)
Key Feature 4	Powerful shot of steam 150g/min high pressure steam shot quickly smoothens wrinkles to get ironing done faster
Colour	Blue
Construction/Finish	Plastic
Designed and Engineered in Australia	Yes
Net Product Dimensions L x W x H (mm)	311 x 138 x 170
Net Weight (kg)	1.72
Gross Weight (kg)	1.8
Warranty Duration (Months)	24
Warranty Type	Replacement
Hints and Tips	<p>Selecting the right temperature If you are unsure of the correct setting for a particular garment, test a small area such as a seam or inside hem before ironing a visible area. Start with a low temperature and slowly increase the heat to find the best setting.</p> <p>Iron shirts like a pro: Start with the collar, working from the outer edges into the middle. Iron the shoulder next, followed by the cuffs and sleeves. Place the collar at the narrow end of the board so that one front panel of the shirt is extended flat. Iron the front panel from shoulder to shirt tail. Rotate to iron the back of the shirt. Rotate and complete the remaining front panel.</p> <p>For more useful tips and tricks check the Sunbeam Verve 680 Resilium Instruction booklet</p>
Anti Calc Cartridge	Yes
Continuous Steam Output (gram/min)	38
Cord Length (mm)	2500
Cord Clip	Yes
Drip Stop	Yes
Fine Mist Spray	Yes
Included Accessories	Water cup
Soleplate Type	CeraFlow Ceramic
Steam Activation	Button on top
Steam Shot (gram/minute)	150
Vertical Steam	Yes
Wattage	2400
Water Tank Capacity (ml)	300ml
